MAN HIRED TO BRIBE

CONFESSES THE CRIME

Attempt is Made to Fix Jurymen in Trial of California Case.

SAN FRANCISCO, Cal., Oct. 30.

—Standing in the shadow of the penitentiary with sentence about to be passed upon him, and having seen his beautiful young wife just led from the court room hysterically crying "no, no," E. A. S. Blake, the contractor convicted of attempting to bribe John M. Kelly to qualify on the jury to try Abraham Ruef, made a full confession in court.

He told how, after he was arrested Frank J. Murphy, Ruef's associate counsel, came to him and promised him \$10,000 if he would keep quiet, the amount, in notes signed by Ruef, being delivered to a third party, to be paid to Blake immediately after he was sentenced.

Wife to Be Provided For.

Besides this amount, Blake declared that his wife was to receive \$100 a month while he was in the penitentiary.

Blake was called on to rise for sentence, his young wife cried, "No, not that," and began to sob hysterically. She was led from the room and after motions for a new trial and arrest of judgment had been denied Blake and he had been given opportunity to make a statement as to why sentence should not be pronounced. This came as a complete surprise to his counsel who were permitted to withdraw from the case.

Blake Tells Story of Bribery.

After being sworn and stating that he had not been promised immunity, Blake told of being offered \$10,000 by Attorneys A. S. Newburgh and F. J. Murphy, of Ruef's counsel, to influence J. M. Kelly, a prospective juror to vote for the acquittal of Ruef. He first offered Kelly \$500, which was refused, but the offer of \$1,000 was accepted.

It was then brought out that Newburgh had secured the attorneys for Blake's defense. Blake then told of the offer of \$10,000 and provision for his wife while he was in prison if he would not make a confession. The story told by Blake created a sensation in court and the case was continued for two weeks.

Hasslock had been on duty at Reelfoot Lake with the militia boys who were guarding against night riders in that vicinity. When he learned that he would be granted a leave of absence to join his football team he walked a distance of twenty miles through a country infested by night riders. He caught a train at Union City and rode from there to the point where he joined his team.

ARRESTED FOR THE MURDER OF NOBLE

Lexington Barber Named Simpson is Accused of the Crime and Taken Into Custody.

The dead man who was found last Saturday near Covington with his head severed from his body and who head severed from his body and who print of Vic Blomfield, of Winchester, has been identified as Scipio J. Noble, of Breathitt county. The first view of the Kenton county authorities, was that Noble had committed suicide, but the coroner there has evidently changed his mind as he swore out a warrant yesterday charging Farris Simpson, a former Lexington barber, with the crime of murder.

Chief of Police, K. C. Smith, of Harrodsburg, yesterday arrested him. Detectives W. J. Sanford and William Booth, of the Covington Department, arrived in Harrodsburg last night and will take Simpson to Covington this afternoon.

Detective Sanford Talks.

Detective Sanford says Simpson has told several conflicting stories. One of these was that he last saw Noble on September 14. The detective says his department has evidence that the pair were together on September 23. He says several men saw the pair leave Covington for Latonia on the latter date.

The theory of the Covington detectives is that Noble was first struck on the head with some blunt instrument and then shot with his own revolver, the weapon found near the body. The holes in the skull, Detective Sanford said, indicated that Noble was shot while on his hands and knees, as the bullet penetrated the top of the left side of the head and came out below the right temple. The head, in his opinion, was cut off by the murderer, but its separation was due partly to the dissolution of the tissues and partly to the work of buzzards.

The body was found 600 or 700 yards from the Latonia corporation line, in a kind of ravine, about 300 feet from the nearest driveway. It is a lonely spot and an ideal place for the perpetration of a crime, as the place is seldom visited by any except hunters or wandering boys. This is shown by the fact that Noble's body lay for more than a month before it was discovered.

Money is Missing.

The theory of murder, Detective Sanford said, is further borne out by the fact that all Noble's effects and papers, \$150 in money and \$900 in notes and checks, which it is known he had when he left Covington for Latonia, were missing. Only 55 cents were found on the corpse.

Detective Sanford further said that the officials had evidence that Simpson and Noble had both been drinking pretty freely, but that Noble was more under the influence of his potations than his companion.

Served Three Years With Army in Cuba.

JACKSON, Ky., Oct. 29.—Scipio Noble, who was found dead at Covington, was a son of G. W. Noble, Sr. He was home two months ago from three years' service in the United States Army in Cuba. He stayed here about two weeks and left two weeks ago, stating that he intended to re-enlist in the army. He carried with him from here a 32-calibre Smith & Wesson special revolver, about \$350 or \$400 cash, and notes from his father amounting to about \$900. The boy was never accused of any offense in this county and was discharged from the army with honors. He wore a crack marksman badge. His father now lives in Missouri, having moved there recently. He had five brothers and seven sisters, mostly living in this county, and all of good standing. He has not been heard from by his people since leaving here several weeks ago, and it was supposed by his friends that he had re-enlisted in the army.
